

2011 Rosso Music Rental Program

It's that time of year again: Back to School! Rosso Music Center makes it easy for your aspiring musician to succeed with our school instrument rental program!

Our rental fleet consists of excellent quality, brand-name instruments and we offer insurance and maintenance plans for every instrument we rent. Best of all, we do repairs on all our instruments in-house! In fact, Rosso Music Center is the name schools trust to repair their own instruments since 1947!

As an added bonus to help get your student started on their musical career, we are offering a special introductory rate for new customers! **Rent a qualifying instrument* before September 30, 2011 and get the first three months for just \$30!** Never has it been easier and more affordable to support your student's thirst for the arts!

Orchestra instruments such as Violins, Violas and Cellos are available on a "Trade and Upgrade" plan. As your student grows, so does the size of instrument they will play. Simply stop by and trade your instrument for the next size, up to 3/4 size violin or Cello and 14" Viola. When the time comes to buy a full-size instrument, up to 24 months of accrued rental payments will be applied as a credit toward the purchase of a new, full-size instrument!***

Since band instruments never grow in size, they are offered on a rent-to-own plan over 30 months.

As always, feel free to call our knowledgeable staff at **(410) 789-3330** with any questions or concerns. Hope to see you this fall!

*Qualifying instruments for 3/30 include: Flute, Clarinet, Trumpet, Trombone, Snare kit, Bell kit, Violin and Viola. Alto Saxophones and Cellos are rented at \$39.95/month and Tenor Saxophones are rented at \$44.95/month.

**Upgrade instruments must be of a retail value of \$695.00 or higher and purchased through Rosso Music Center within 30 days of the termination of the rental contract.

Stop by our store, or one of these satellite locations to rent your instrument TODAY!
